Paying for Meals

The School has a system for paying for meals which uses fingerprint recognition. The system works by taking a number of key reference points from the patterns on a single finger. It is not an image or a full record of a fingerprint and cannot be reconstructed using the data held. The fingerprint of a pupil is stored on a biometric database server held at the school in compliance with current Data Protection Legislation. This is a highly secure environment protected by measures such as, password protection, data encryption and a range of physical security measures. This data will be held on record until the pupil leaves the school and will be deleted in accordance with St Nicholas Owen Multi Academy Company's data retention schedule.

The school will not share this information with anyone else and will not unlawfully disclose it to any other person. The school will not use the biometric information for any purpose other than that stated above.

	Yes	No
I am happy for my biometric data to be held by the School for the purpose of paying for meals.		

You may change your mind in relation to any of the consents that you have provided at any time. This includes withdrawing your consent to anything that you have agreed to here.

To withdraw your consent to any of the above, or otherwise amend your position, please complete a data permissions revision form available from the school reception.

This consent will otherwise continue until you leave the School.
